

The technical drawings illustrate the dimensions of the 3000 series pump assembly. The front view (left) shows the pump body with dimensions: K (total width), O (flange offset), Z (height), W (body width), KK (flange thickness), J (flange diameter), F (base width), D (motor shaft diameter), and MEU (motor unit length). The side view (right) shows the pump body with dimensions: $BS - BL$ (flange thickness), RR (flange radius), $AS - AL$ (flange length), C (total length), $\varnothing G$ (flange bore), J (flange diameter), R (flange radius), S (flange length), Q (flange diameter), V (flange thickness), and OO (flange offset).
