

The technical drawings illustrate the 3000 series pump assembly from two perspectives: a front view (left) and a side view (right). The front view shows the pump's profile with dimensions including overall width (D), height (W), and various mounting and connection points labeled with letters like K, O, Z, KK, JJ, F, and MEU. The side view provides a detailed look at the pump's internal components and external connections, with dimensions such as BS-BL, RR, AS-AL, C, ØG, J, R, S, Q, V, and OO indicating specific measurements and clearances.
