

# TIPO HTLX HTLX83 ... HTLX3050

GAS/GASOLEO

| Tipo       | Potencia mínima de modulación<br>kW | Potencia mínima de aplicación<br>kW | Potencia máxima<br>kW |
|------------|-------------------------------------|-------------------------------------|-----------------------|
| HTLX83     | 200                                 | 580                                 | 830                   |
| HTLX115    | 300                                 | 805                                 | 1.150                 |
| HTLX225    | 230                                 | 1.000                               | 2.280                 |
| HTLX92R    | 340                                 | 1.890                               | 2.700                 |
| HTLX92.1   | 650                                 | 2.317                               | 3.650                 |
| HTLX512R   | 850                                 | 2.440                               | 4.200                 |
| HTLX512.1  | 700                                 | 3.147                               | 4.500                 |
| HTLX515.1  | 580                                 | 4.126                               | 5.900                 |
| HTLX520.1  | 650                                 | 4.760                               | 6.800                 |
| HTLX525.1  | 860                                 | 5.525                               | 7.900                 |
| HTLX1030R  | 1.090                               | 6.475                               | 9.250                 |
| HTLX1030.1 | 1.550                               | 9.790                               | 14.000                |
| HTLX2020   | 2.000                               | 11.200                              | 16.000                |
| HTLX2030   | 2.400                               | 16.083                              | 23.000                |
| HTLX2040   | 3.900                               | 22.050                              | 31.500                |
| HTLX3050   | 4.900                               | 27.300                              | 39.000                |

## CARACTERÍSTICAS TÉCNICAS

| Tipo       | Modelo                | Potencia kW |        | Motor de la bomba<br>KW | Alimentación<br>eléctrica<br>monofásica<br>auxiliares | Alimentación<br>eléctrica<br>trifásica<br>motor | Rampa gas<br>Rp          |
|------------|-----------------------|-------------|--------|-------------------------|-------------------------------------------------------|-------------------------------------------------|--------------------------|
|            |                       | min.        | max.   |                         |                                                       |                                                 |                          |
| HTLX83     | MG.xx.S.xx.x.x.xxx.xx | 200         | 830    | 0,55                    | 230 V 1N AC 50 Hz                                     | 400 V 3 AC 50 Hz                                | 1"¼ - 1"½ - 2" - DN65    |
